Core Web Technologies :	HTML5 & CSS3, JavaScript (ES6+), RESTful API Design & Integration
Styling & UI Frameworks :	SASS, Tailwind CSS, Bootstrap, ShadcnUI, MaterialUI, DaisyUI
Backend & Full-Stack :	Node.js (Express), MySQL (SQL), MongoDB (NoSQL), Python(Django), PHP
Tools & Version Control :	Git, GitHub, Postman (API Testing)

WORK EXPERIENCE

Python Developer Intern — Dec 2025 – Present
Wahni IT Solutions Pvt. Ltd. , Kochi

- Contributed to the development and customization of enterprise-grade ERP solutions for diverse sectors, including retail using **Python**, **JavaScript** and the **Frappe framework (ERPNext).**
- Participated in agile team environments to deliver tailored IT solutions for high-scale industries.

Python Developer Intern — Oct 2025 – Dec 2025
Knovista Technologies Pvt. Ltd. , Kochi

- Developed and maintained backend applications using **Python & Django**.
- Collaborated with frontend using **React.js** and UI Libraries while managing databases with **MySQL** and **PostgreSQL**.

PROJECTS

CookHouse: Social Culinary Webapp | LINK — June 2025

- Architected a full-stack community platform leveraging React.js for a dynamic UI, Node.js(Express) with MongoDB for scalable backend and data management, to cultivate a digital community platform facilitating content-sharing, user profiles and networking for over 500+ professional chefs and culinary enthusiasts.
- Implemented Redux Thunk for asynchronous data handling, resulting in 15% improvement in data fetching and rendering times on the client-side.
- Reduced CSS stylesheet size by 40% and accelerated front-end development by 25% through efficient use of Tailwind CSS and DaisyUI utility-classes.

BMI Checker | LINK — Aug 2024

- Developed React.js-based web application using Next.js framework to calculate BMI (Body-Mass Index) of individuals over 20 years, following best practices of React.
- Engineered a dynamic single-step form, leveraging React hooks to implement client-side validation and conditional rendering, reducing user friction and boosted form submission rates by 47%.
- Improved user engagement by 50% through innovative data visualization, specifically by using tabular data representation.

EDUCATION

Master of Computer Applications — Sept 2023 – Aug 2025
Centre for Computer Science & IT, Vadakara, Kerala

Bachelor of Science — Aug 2020 – July 2023
Major in Mathematics; Minors in Statistics and Computer Science
Dr. B.R. Ambedkar Memorial Govt. Arts & Science College, Balussery, Kerala

ADDITIONAL

Soft Skills : Attention to Detail, Teamwork, Creativity, Communication
Languages : Fluent in English, Malayalam; Conversational Proficiency in Hindi
Certifications & Training : Full Stack Development (MERN) [ICTAK], Online Course in Mastering JavaScript Fundamentals [Geekster], Postman API Fundamentals Student Expert Certification [LetsUpgrade]
